Wisconsin Solar Tour

The Midwest Renewable Energy Association (MREA) is a non-profit organization that promotes renewable energy around the Midwest. They will once again be hosting the Wisconsin Solar Tour. The Wisconsin Solar Tour is part of the National Solar Tour, coordinated by the American Solar Energy Society.

The Wisconsin Solar Tour will take place October 2-3, 2009. Businesses will be open for tours on Friday, October 2. Homes are open for tours on Saturday, October 3. Guided bus tours are available on Friday of businesses in Madison and Stevens Point. Guided bus tours are available on Saturday in Milwaukee, Madison, Green Bay and Stevens Point. Tour sites are owned, lived in, and worked in by ordinary people. They are helping others open the door to renewable energy.

See a variety of working Solar Electric, Wind Electric, Solar Domestic Hot Water, Solar Space Heating, Passive Solar System and Geothermal units. For more information and for a list of participating businesses and homes; visit: www.the-mrea.org/solartour.php

Contact your salesperson for a comprehensive list of renewable energy products available from First Supply.
