Switzerland Travel Options

WELCOME!!!!!!

It is wonderful to think we are only 6 months away from one of the most romantic and exhilarating trips we have ever offered. Eight exciting days await you in two of Switzerland's major cultural regions. You will be experiencing the German influence encircled by the Swiss Alps and then a scenic ride south to Lake Geneva where the French Riviera is sure to delight. The Victoria Jungfrau and Montreux Palace, two of Switzerland's finest hotels, will be the perfect place to relax after an exciting day of sightseeing. Now is the time to get started making your plans.

Please read all the following and return your responses right away!

Crucial for booking tickets is for us to know now if your travel plans will deviate from the existing schedule, i.e., who wishes to go early, stay later or both and your desired departure destination? To simplify your travel arrangements, we would recommend extending your stay versus departing early if you plan to extend.

Transfers:

As a reminder, if you alter your schedule, all related expenses will be your responsibility. If you go early and do not wish to be at the Zurich airport the morning of September 16th to ride the transfers; you will need to cover any transfer charges to Interlaken. Because of the distances these could be considerable. The same holds for your departure transfers if you plan to stay past the standard departure times on the 23rd.

Extra Room Nights:

Complimentary breakfast included with each extra night. Rates are guaranteed 3 days pre and 2 days post. Both Interlaken's *Victoria Jungfrau* and Montreux's *Montreux Palace* are approximately \$320 USD per night plus some relatively minor local taxes. VAT tax is already included.

Airline Ticketing:

Presently we have blocks of tickets for September 15th Departures on Lufthansa out of Chicago non-stop and Continental out of Milwaukee & Minneapolis with a layover in Newark, NJ. All these tickets have return dates of September 23rd. If you choose to extend and your tickets exceed the block rate, you will be responsible for all charges. This can be arranged with Burkhalter Travel when making your plans.

If you wish to depart from a local airport to one of our departure airports it may be possible to arrange that at your own expense with Burkhalter Travel.

Seating Upgrades:

You will also have the opportunity to upgrade flight tickets at your expense. This can be arranged when making your other travel plans with Burkhalter Travel.

When Do I Start?:

Not yet, please! We need the enclosed "Travel Options Form" faxed or mailed back by March 2nd telling us your wishes. From this we can better determine transfers, flight block options and available seating.

Who Do I Call?:

Starting Monday, March 5th we ask that you call Burkhalter Travel's Pat Williams:

800-556-9286 ext. 250 / 608-833-6968 or pwilliams@burkhaltertravel.com

If you do not return a "Travel Options Form" by March 2nd we will assume you do not wish to extend on either end and the nearest available departure city listed above fits your plans.

Changes Later?:

It will be difficult but not impossible. However, with international travel and recent airline ticketing rules there could be significant charges.

We have an incredible program scheduled with more details to follow. For now, we appreciate your help in getting the flight issues finalized. If you have any questions please call me at 608-661-6993 or e-mail ecollier@1supply.com right away versus holding the options form back.

Sincerely,

Elliot Collier
VP Sales & Mktg Programs

IMPORTANT!
Please Return to First Supply by March 2, 2007
